

# Titan<sup>®</sup> Rails Specifications

Titan Rails are designed to provide extra security for your cargo when on the tray. The bolt-through design adds ultimate strength and infinite cargo securing options, without compromising the look of the tray.

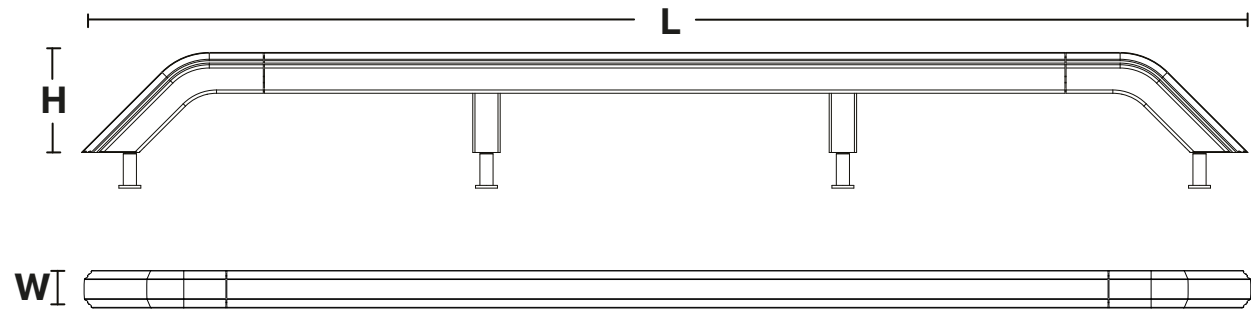

**Heavy-duty construction:** Lightweight anodised aluminium with glass reinforced nylon corners.

**Tray Mounting:** Unique bolt-through design for increased strength.

**Go from flat tray to basket:** Add Titan Rails to your Titan Tray to create a basket\*.

**Critical securing points:** Securing points where you need them, when you need them. By installing Titan Rails you can rest assured knowing that you will always have a securing point ready to go.

**Warranty:** Titan Rails come with a 5 year warranty.
